EXPERIENCE

Finance and Administrative Operations Assistant

July 2021 – August 2024

All Clear Pools

Redding, CA

- Tracked payments and managed accounts for 40 clients and the business account, maintaining organized financial records through documentation and data entry; consistent accuracy contributed to improved client satisfaction and a more organized office environment.
- Handled sensitive financial information with confidentiality, discretion, and attention to detail; organized recordkeeping systems supported efficient processing during tax season.
- Responded to payment inquiries and organized account information for clients and internal team members.

PROJECTS

Personnel Selection & HR Strategy

Industrial/Organizational Psychology Coursework, Stony Brook University

- Completed solo and group assignments applying I-O psychology principles to job analysis, structured interviews, performance evaluation, and evidence-based hiring practices specific to New York employment law.
- Designed legally compliant job listings and developed frameworks for managing employee expectations, including strategies to support vertical communication from lower-level employees up the organizational hierarchy.

Statistical Research & Data Analysis

Psychology & Statistics Coursework, Stony Brook University

- Analyzed behavioral and psychological data using descriptive statistics, correlations, t-tests, ANOVA, hypothesis testing, and effect sizes.
- Applied research design principles including reliability, validity, measurement, and data interpretation to investigate and present findings.

ACTIVITIES & LEADERSHIP

Phi Delta Epsilon NY Mu, Stony Brook University

August 2024 - May 2026

Mental Health Chair

- Led mental health awareness initiatives, peer support programming, and wellness outreach to a chapter of approximately 80 members per semester, fostering an inclusive environment and member engagement through communication and outreach.
